Hydraulics from Finland

 **ST-Koneistus Oy**

ST-Koneistus Ltd.

Founded

1970

Turnover 2015

6,2 m€

Personnel

+50

***Know-how:** machinery and manufacturing of hydraulic systems*

***Key products:** subplates, subassemblies, special cylinders and manifolds*

ISO-Certified

DNV BUSINESS ASSURANCE MANAGEMENT SYSTEM CERTIFICATE

Certifikat Nr. 91054-2010-AQ-FIN-FINAS

Härmed intygas att

ST-KONEISTUS OY

Hopeatie 3, 33470 Ylöjärvi; Finland

uppfyller kraven i standarden för ledningssystem:

ISO 9001:2008

Detta certifikat gäller för följande funktioner eller tjänster:

Tillverkning av komponenter för hydrauliska utrustningar.

Företaget ursprungligen certifierat:
3 januari 2011

Certifikatet är giltigt till:
30 november 2016

Ansvarig för revisionen:
Timo Pyhärinta
Revisionsledare

Det och datum:
Esbo, 26 november 2013
för det ackrediterade organet:
DNV CERTIFICATION OY/AB,
FINLAND

Kimmo Haarala
Ledningsrepresentant

Detta certifikat är en översättning av det officiella engelska certifikatet.

Finland's top name in specialist machinery

HIGH QUALITY AND FINISHED PRODUCTS

We help hydraulics companies and the machine construction industry manufacture high quality end products at internationally competitive prices.

END PRODUCTS THAT SPEAK FOR THEMSELVES

Numerous leading hydraulics and machinery manufacturers from all over the world trust us.

ST-koneistus Ltd.

A photograph of a large industrial robotic arm, likely a CNC machine, in a factory setting. The arm is white and blue, with a yellow light reflecting off its surface. It is positioned over a work area. The background shows other industrial equipment and a concrete floor.

We promise uncompromised

**QUALITY
ON SCHEDULE**

**ST-Koneistus proudly
PRESENTS**

*We invest in new operating methods and
machinery with an open mind.*

We manufacture complex components at a large capacity.
Thanks to our unmanned machining we are able to produce
top-quality products four times more efficiently per shift.

Machinery

ST-Koneistus Ltd. has a modern and largely automated machine stock including the best horizontal machining equipment's in Finland.

- **Horizontal Machine Centers (18 pcs.)**
- **Vertical Machinery Centers (4 pcs.)**
- **NC-lathes (11 pcs.); tooled with barfeeders and robotics**

Specialities

Automatic FMS
production system
and Proto-cell

TEM-P350
deburring machine
(220x220x390)

Mitutoyo
NC-Coordinate
Measuring Machine

” We succeed because we specialize. Our personnel’s skills as well as our machinery, testing, and assembly facilities are all dedicated exclusively to hydraulics.”

ST-Koneistus Ltd. manufactures more than 185,000 hydraulic manifolds and 12,000 special cylinders each year.

In 2015 we delivered approx. 10,000 subassemblies.

Products:

- Hydraulic blocks
- Subplates
- Bar manifolds
- Valves
- Special plates and adapters
- Cylinders
- Assemblies

Benefits of partnership

- Cost efficiency;
 - ✓ Manufacturing
 - ✓ Assembly
 - ✓ Finishing
 - ✓ Quality
 - ✓ Logistics
- Service:
 - ✓ Design
 - ✓ Stock-handling (call-ofF)
 - ✓ Delivery time (flexible)
 - ✓ Reliability of delivery
 - ✓ Testing

“We’re great at solving problems and minimizing costs. That’s why we offer design, manufacture, assembly, testing and storage services – all under one roof. This means better quality, increased profitability and less strain on the environment.”
